Dear Sirs:

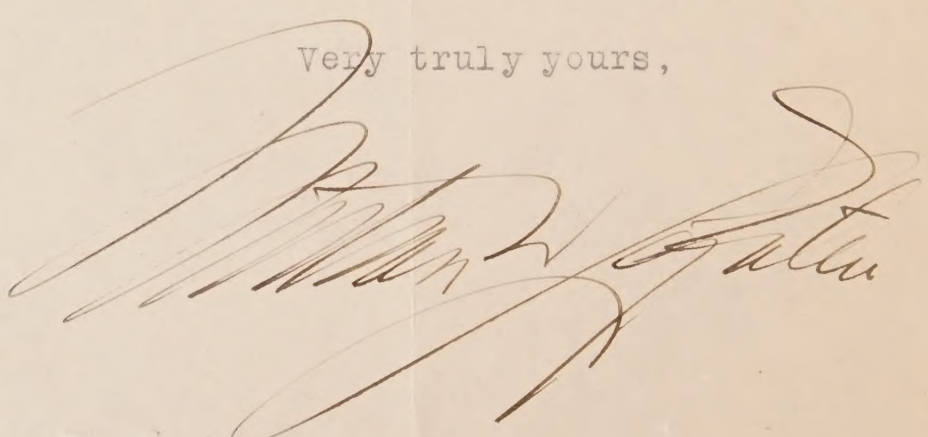

I enclose herewith a photostatic copy of a silver coin (actual size) weighing about one and three-quarters ounces which is part of an estate offered for sale to settle the debts and for which I am the attorney.

My purpose in writing is to ascertain it's value and to negotiate for it's sale and to that end I would greatly appreciate your service.

The original coin may be seen at my office by appointment but should your good offices be refused I would appreciate the return of the photostatic copy.

Thanking you in advance, I remain

Very truly yours,

Dear Sir:

Your coin is a daalder struck by Phillip IV of Spain for his possessions in Zealand and the low countries. It is not a rare coin and there is little demand for these in this country. A dealer would probably sell it from \$1.50 to \$2.00 or rather try to. I doubt if you could get \$1.00 for it, especially at the present time. You might take it to the Elder Coin and Curio Corporation, 8 West 37th Street, New York City and see what he would offer you for it. If you cannot do any better we would give you \$1.00 for it.

Very truly yours,
